All of a sudden...
MARRIED!?
...Who's getting married?
Congratulations
CLAP
CLAP
I am.
Yu
What's with that, there's actually a guy out there who would marry your face, you nosy little brat?
.....
I'm quitting my part-time job here so I can move in with my husband.
When?
Soon.
!
What about Gramps?
No, not me...
What? Why do you care? I don't really see you as the type to get lonely.

Did I ever tell you why I quit my office job?

What's with the sudden story?
A few years after my father went missing, my mother moved back to her old home.
She said she couldn't bear to stay without him.

After my mother passed away, I graduated high school and found a job.
One day, I was in the area,
and I suddenly felt like going back to visit places the three of us had been to together.

Mari said that she's getting married and moving!!
It seems like we've both been looking... for each other.

Is that so?

She has photos of you, you know.
There's no way she wouldn't want to!
Don't you think she'd want to meet her father, who'd been lugging around some stupidly big toy for her?
Don't...

flap
She might have been pretending not to notice.
I think it's possible that she's been as worried about this whole situation as you are.
Maybe she's been composed and telling herself that you can't possibly be her father, even though you look like him, because you still look like him.
MARI!
Ichi-nomiya...
What's the matter?

I heard that you're getting mar-

You have my blessing.

...It'll do.
...Are you okay with it like this?
Thank you very much...
I sort of forced it one her... But I'm glad I was finally able to give it to her.
Dai-chan's super reliable,
so he'll get you all back on your feet for sure!
It'll take time...
TUG
I'm fine, really—
But I'll be able to move on now.

BLUSH

When I was little, I really liked this character,
and my father got all fired up about finding a stuffed animal of it for my birthday...
I can hardly believe this myself,
But,
You look... exactly like him ..

...Ri
Mari.

...Dad.

In their own strange way...
I hope those two can get along as a family again.
Even just little by little...

Well, it seems like Nagatome's family will help watch over the others caught up in the incident.
All's well that ends well.

SHUT UP, MINAMI
EITHER WAY, IT'S NOT EVERY DAY YOU SEE MIYA GETTING ALL EXCITED ABOUT HELPING SOMEONE
ahaha

BLUSH
I'M NOT MAKING FUN OF YOU OR ANYTHING. IT'S KINDA NICE, ONCE IN A WHILE.
Yeah.
Only once in a while, though.
Wait, what?
Huh?
WHO'S THE ONE WHO WENT AND FORCED ME TO HELP PEOPLE BEFORE!? IT'S YOUR FAULT I'M BEING NICE!!
And if something ever happens again, we'll just have to do what we can...
...To make sure tragedies like this never repeat themselves.
We'll all have to do our best.

...Hello? Tohru?
Yeah?
What's up? You don't call us very often.
Normally, you don't pick up even if we call you
...nothing much. It's fine, once in a while.
Aren't you lonely?
...Tohru, why don't you come live overseas with us?
WHAT!? WHY?
ばっ
SERIOUS
...Nah, I'm fine.

I'm doing great.
Still, I think I'll try calling them a bit more often from now on.
Anyways, now that I think of it...
did you mail us your report card yet?
Ack!
Oh, uh, yeah! Let's talk about that later...
Mari asked me if I wanted to live together with her, but...
She just got married, and I don't want to be a bother...
But I'm so happy right now! My hands are shaking, oh, what should I do?
DON'T CALL ME UNLESS IT'S IMPORTANT!!
ANGRY
On the rooftop as always.
